Billiards Parlor Social Lounge Renovation Project 2018

Billiards Parlor, Social Lounge Renovation Project 2018

As Master for the year 2018 I along with your votes of support, have Decided to remodel the first rooms at the head of the stairwell. The goal of the project is to provide a socially comfortable space to Converse and entertain with the ability to lease the space out to the public to offset the cost of the renovation. Coming into our 174th year, I feel we need to wrap this project up in the first part of the year so we can focus on the due diligence required for the 175th Anniversary the following year. We have a lot of work to do for planning and preparation. Your help in focusing on this project to speed things up is so appreciated and necessary. When done, we will have a fantastic space that will hold us longer, and draw additional members into our organization.

Thank you so Much! Nathan Caraway
