

Marion Lodge No. 6 A.F. & A.M.

The Trestleboard: May 2020

May Stated Meeting canceled in-person, online Masonic education and social time online in its stead. Email with details to follow.

A Message from the Worshipful Master

Some rules are meant to be broken. I have a rule in our home that the furnace is NOT to be turned on in months that have no "r." "If you're cold, put on a wool sweater," I say; "If you're really cold, then do max effort push ups!" The former I tell to everyone, the latter only to the boys. Yet this May has been chillier than normal. And when the wall thermometer read 61 degrees last week I welcomed my wife's congressional override when she turned it on. The Governor has ruled that we must maintain physically distancing in Linn County. That is a rule we must follow. John Lawrence Hanson, WM

Stated Meetings: 3rd Tuesday

Future Activities and Hope

Hopefully we will be able to have our June 7 Bicycle Tour of Marion and Ice Cream Social including family and friends. Fingers crossed!

Grand Lodge moved the date of the golf outing to Friday, August 28. Location is still Grinnell.

Photo request

Do you have an old photograph of Masonic functions, activities, or brethren? If so, then pull a few gems to share at our next stated meeting - whenever that is.

Distress requests

A strength of this awesome fraternity is our abiding interest in providing help and relief to one another. If you are in need, then know you will not be alone. I find you worthy.

Brother Mike M. has been keeping our website and Facebook pages up-to-date: check them out!
